All local Stop Smoking Service details also available via Freshquit.co.uk

Please also note:
- The national community pharmacy Smoking Cessation Service which supplies NRT following a secondary care referral and discharge from hospital (https://cpe.org.uk/national-pharmacy-services/advanced-services/smoking-cessation-service/).
- There is a ICB wide e-voucher scheme in operation to enable provision of NRT maternity Tobacco Dependency Treatment service (https://www.cpnec.org.uk/locally-commissioned-services/integrated-care-system-services/).
- All NHS Inpatient Tobacco Dependency Treatment Services across NENC (both in Acute & Mental Health settings) are fully established.

Bupropion, Varenicline, Cytisine
The medium-term intention is for all Stop Smoking Services to supply (either via prescribing or PGD).

However, in the short term, GP practices may get requests to prescribe these medications with ongoing monitoring and support being provided by the Stop Smoking Service as part of the quit attempt.
